# Tank for autoclave
# Gessner 1CB 0206 B101

| | |
|---|---|
| stock-no.: | 1400316 |
| type of machine: | Tank for autoclave |
| make: | Gessner |
| type: | 1CB 0206 B101 |
| year of manufacture: | 1992 |
| type of control: | conventional |
| country of origin: | Germany |
| storage location: | GOG Bitterfeld |
| delivery time: | immediately |
| freight basis: | ex location Bitterfeld, free truck |
| price: | on request |

## technical details

| | |
|---|---|
| lifting capacity: | kg |
| radiator: | kW |
| max. temperature: | 120 °C |
| internal diameter: | 980 mm |
| internal length : | 2580 mm |
| external diameter: | 1500 mm |
| external diameter : | 2740 mm |
| wall strength: | ca. 6,5 mm |
| content: | ca. 2000 l |
| weight: | 1425 kg |

## additional information

Autoclave tank
It is possible that this autoclave were built for the process of steam sterilization (according to operating parameters)
The operating overpressure of +2 bar per room probably refers to the execution of the steam sterilization process, not to the pressure resistance of the container.

- Permissible operating temperature 120 °C
