

# straightening machine

## L.A.S.A. MONTRAGON LR 6 200 DL

stock-no.: 0100554  
type of machine: straightening machine  
make: L.A.S.A. MONTRAGON  
type: LR 6 200 DL  
year of manufacture: ca. 1975  
type of control: conventional  
country of origin: Spain  
storage location: GOG Bitterfeld  
delivery time: immediately  
freight basis: ex location Bitterfeld, free truck  
price: on request

### technical details

|  |                      |
|--|----------------------|
| sheet width:                               | 153 mm               |
| material thickness:                        | 1,5 mm               |
| Number of Straightening rolls:             | 4x oben/upper/arriba |
| Number of Straightening rolls:             | 5x unten/lower/abajo |
| throughput speed:                          | 180 m/min            |
| total power requirement:                   | 7,5 kW               |
| Weight approx.:                            | 0,543 t              |
| space requirements of the machine approx.: | L:1,6xB:0,8xH:1,22 m |

### additional information

Inside of the machine is a coil taper integrated, which can be adjusted via threaded spindle.

#### description:

- upper roll : width:160mm, dia. approx. 40mm, not driven, via manual adjustment
- lower roll: width: 160mm, dia. approx. 40mm, fixed, not adjustable, driven
- coil taper: max. dia.=1000mm, max. width 153mm, max. weight 500kg
