|----------------------|-------------------------|
| stock-no.:           | 0104307                 |
| type of machine:     | Plate Shear - Hydraulic |
| make:                | Knuth                   |
| type:                | KHT 3008                |
| year of manufacture: | 1993                    |
| type of control:     | conventional            |
| country of origin:   | Germany                 |
| storage location:    | Leipzig 2               |
| delivery time:       | immediately             |
| freight basis:       | EXW, free on truck      |
| price:               | on request              |

### technical details

|                                 |                    |
|---------------------------------|--------------------|
| sheet width:                    | 3000 mm            |
| plate thickness:                | 8,0 mm             |
| distance between columns:       | 3000 mm            |
| back gauge - adjustable:        | motorisch 900 mm   |
| work height max.:               | ca. 800 mm         |
| down holder:                    | 14                 |
| cutting angle adjustment:       | ja 1,5 °           |
| number of cutting strokes max.: | 14 Hube/min.       |
| voltage:                        | 380/50 V / Hz      |
| total power requirement:        | 15,0 kW            |
| weight of the machine ca.:      | 8,0 t              |
| dimensions of machine:          | 3,5 x 2,1 x 2,25 m |

### additional information

further technical details:

- with cutting gap adjustment
- table dimensions L:3040 x W: 450mm
- table limit stop 90° x L: 1000mm
- with extension supports
- needed hydraulic oil approx. 240 l

control:

- via foot control and operating stand, such as control panel
