

Shotblasting line

Schlick Rotojet 1500

Sorry the machine has been sold already!

| | |
|----------------------|-------------------|
| stock-no.: | 1200521 |
| type of machine: | Shotblasting line |
| make: | Schlick |
| type: | Rotojet 1500 |
| year of manufacture: | 1997 |
| type of control: | conventional |
| country of origin: | Germany |
| storage location: | Mansfelder land |
| delivery time: | immediately |
| freight basis: | Ex-Location |
| price: | on request |

technical details

| | |
|-----------------------------|---------------------------------|
| through-put width: | 1550 mm |
| pass through height: | approx. / ca. 450 mm |
| Numbers of turbines: | 4 Stck. |
| space requirement approx.:: | vergleiche Foto/ see pictures m |

additional information

Shotblasting line according shot peening process incl. filter system

- with 4 turbines each 7,5 KW (2 up & 2 down position)
- impeller

output and input conveyor rolls, optionally available

- switch on hours: 4667h , approx. 1600 beam (operation) hours

input conveyor rolls:

- W: 1600mm x L: 30500mm
- driven, infeed speed approx. 0-6 m/min

output conveyor rolls:

- W:1600mm x L: 19700 mm
- driven
- transverse conveyor 10 pcs , hydraulic driven via separate control / panel controlable
- The plant contains a cleaning via brushes.
