

# Shotblasting line

## Rösler RRB 11/5

Sorry the machine has been sold already!

stock-no.:	1200523
type of machine:	Shotblasting line
make:	Rösler
type:	RRB 11/5
year of manufacture:	2009
type of control:	conventional
country of origin:	Germany
storage location:	Leipzig 4
delivery time:	immediately
freight basis:	EXW, free on truck
price:	on request

### technical details

through-put width:	1100 mm
pass through height:	500 mm
Numbers of turbines:	4 Stck.
workpiece length - min.:	1300 mm
feed::	min./max. 0,8 / 6 m/min
weight capacity of roll:	600 kg/ lfm
Number of working hours:	1.391 h
operating hours - idle run:	ca. 600 h
power consumption:	72,5 (ca. 58 kW) kVA
Total weight, approx.:	15400 kg
dimensions of machine:	L:4400 x B:2100 x H:4800 mm

### additional information

Shot Blasting Line - Continuous Sandblasting Plant - Roller Track Sandblasting Plant, barely used, very good condition!

- with antechamber approx. 500mm long and antechamber (blasting material cleaning unit approx. 800mm long)
- with dust silo
- Number of blast wheels Hurricane H32: 4 pieces, speed infinitely variable,
- Drive of the blast wheels each 7.5 kW
- Discharge speed of the abrasive is between 30 - 60 m/s
- Extraction: required dedusting capacity 5,000 m³/h

The blasting machine is professionally dismantled, stored in our warehouse and not assembled.

incl. various roller conveyors, different sizes and designs:

- e.g. was built up see photos with approx. 8.4 m inlet
- and approx. 13.9 m outlet with auxiliary frame light barrier

The roller conveyors are partly driven and partly revolving and are variable exchangeable.
