

power generator

VOLVO PENTA VO/LS-500

Sorry the machine has been sold already!

stock-no.:	1201741
type of machine:	power generator
make:	VOLVO PENTA
type:	VO/LS-500
year of manufacture:	2007
type of control:	sonstige
country of origin:	Sweden
storage location:	Leipzig 1 Aussenbereich
delivery time:	immediately
freight basis:	on request
price:	on request

technical details

rated capacity:	500 kVA
Quantity of Generators:	1 Stück
Number of working hours:	17006 h
total power requirement:	540 kW
dimension machine LxWxH:	6,1x2,5x2,6 m
dimensions::	Wärmetauscher L:2,5 m
weight:	ca. 8,0 t

additional information

CHP - with Volvo diesel motor

consists of:

- stand by aggregate Volvo, CHP according ISO-Container construction type, transportable and noise reduced; with thermal use such as cogeneration according to EEG; application area for parallel net operation and heat generation; incl. heat exchanger , fuel consumption 219g/kWh during constant load

-GENERATOR Leroy Somer, Type LSA 47 2M8 C 6/4; nominal power 500kVA; peak load max. 600kVA; 400Volt/231 Volt; Drehzahl 1500U/min

-drive motor Volvo Penta type TAD 1642 E/industry motor; capacity approx. 547 KW; fuel palm oil

The wast gas heat exchanger has been dismantled from the container. Last motor maintenance 2010.
