

stock-no.:	1210003
type of machine:	plants
make:	
type:	
year of manufacture:	2004
type of control:	NC
country of origin:	Germany
storage location:	Leipzig 1
delivery time:	immediately
freight basis:	EXW, free on truck unpacked
price:	on request

technical details

candle diameter:	21 mm
candle length:	300 mm
capacity:	1872 Stück/h
heating-up temperature:	70-120 °C
cycle time:	13 sec
candle material:	Paraffin/Stearin
control:	Siemens S 5
space requirement of the machine approx.:	ca.L:24 xB: 2 xH: 5,2 m

additional information

Candle Production Plant / Candle Molding Machine

- This plant is applied for the production of paraffin/stearin candles according to the casting process with a high degree of automation.
- Multicoloured candles can be produced and equipped with various mould boxes (e.g. cylindrical board candles or pointed candles).
- production capacity: for max. theoretical maximum performance of 1872 pieces / h with a minimum cycle time of 23 seconds per mould box with 12 candles with 300 mm pointed candles and board candles with diameter of 21 mm, continuous operation approx. 1200 pieces / h
