

# Welding Smoke Suction

## TRUMPF MF-L 25/5/1

|                      |                             |
|----------------------|-----------------------------|
| stock-no.:           | 1300891                     |
| type of machine:     | Welding Smoke Suction       |
| make:                | TRUMPF                      |
| type:                | MF-L 25/5/1                 |
| year of manufacture: | 2008                        |
| type of control:     | conventional                |
| country of origin:   | Germany                     |
| storage location:    | Leipzig 3                   |
| delivery time:       | immediately                 |
| freight basis:       | EXW, free on truck unpacked |
| price:               | on request                  |

### technical details

|                                |                        |
|--------------------------------|------------------------|
| tank capacity:                 | - l                    |
| percentage of cleaning:        | - µ                    |
| total power requirement:       | - kw                   |
| Number of filters:             | 5 St.                  |
| filter:                        | 576/556 x 74 x 1050 mm |
| total pressure:                | 200 daPa               |
| volume capacity:               | 1500 m³/h              |
| filter surface area:           | 25 m²                  |
| Voltage:                       | 460 V                  |
| motor capacity:                | 3,3 kW                 |
| rotary speed of motor:         | 3600 U/min             |
| frequency:                     | 60 Hz                  |
| weight of the machine approx.: | kg                     |
| dimensions L x W x H:          | 1,05 x 1,28 x 2,0 m    |
| protection class:              | IP 55                  |
