

Tank for autoclave

Gessner 1CB 0206 B101

stock-no.:	1400316
type of machine:	Tank for autoclave
make:	Gessner
type:	1CB 0206 B101
year of manufacture:	1992
type of control:	conventional
country of origin:	Germany
storage location:	GOG Bitterfeld
delivery time:	immediately
freight basis:	ex location Bitterfeld, free truck
price:	on request

technical details

lifting capacity:	kg
radiator:	kW
max. temperature:	120 °C
internal diameter:	980 mm
internal length :	2580 mm
external diameter:	1500 mm
external diameter :	2740 mm
wall strength:	ca. 6,5 mm
content:	ca. 2000 l
weight:	1425 kg

additional information

Autoclave tank

It is possible that this autoclave were built for the process of steam sterilization (according to operating parameters)

The operating overpressure of +2 bar per room probably refers to the execution of the steam sterilization process, not to the pressure resistance of the container.

- Permissible operating temperature 120 °C
