

Slip Grinding Machine

WALTHER-TROWAL CC 315

Niestety maszyna została sprzedana!

Numer magazynowy:	0800031
Rodzaj maszyny:	Slip Grinding Machine
Producent:	WALTHER-TROWAL
Typ:	CC 315
Rok produkcji:	1981/2019
Rodzaj sterowania:	conventional
Kraj pochodzenia:	Germany
Lokalizacja:	Leipzig 1
Czas dostawy:	zaraz
Opcja dostawy:	EXW, wolne na ciężarówce, bez opakowania
Cena:	na zapytanie

Dane techniczne

batch weight:	
total volume:	l
external diameter:	mm
max. container dia:	1400 mm
Work tank width:	300 mm
working tank upper edge:	1200 mm
predkość obrotowa:	945 / 1445 U/min
Napięcie:	380 / 50 V / Hz
Całkowite zapotrzebowanie mocy:	3,1 kW
Waga maszyny ok.:	938 kg
Wymiary maszyny ok. dł. x szer. x wys.:	1,6 x 1,5 x 1,3 m

Dodatkowe informacje

Application area: deburring, grinding, radiusing, general parts cleaning, de-scaling, de-greasing and polishing of punched, cast, forged, forged and sawn parts as well as machined (cutting operation milling, turning etc.) parts.
For the application of sensitive small parts up to massive, robust big parts.

technical details:

- working tank width / height : 440/600mm
- abrasive body removal plug Ø 200mm, height 500mm
- with waste water run out on the bottom
- air pressure and water connection in the upper part of the tank 2x 3/8 " with hose connection
- cover: open/close electric pneumatic, jib length arm 1200mm, cover Ø 1700 x 250mm (clamping plate in the picture not including delivery scope!)
- operational time pre adjustable
- without separator unit

Slip Grinding Machine

WALTHER-TROWAL CC 315

equipment:
- control panel

Internal space has been newly coated by a specialist.
Clamping plate is not included in the delivery scope.

Machine can be demonstrated under power.
